Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: ***2031***

Finish: Same as start.

USATF Certificate
IL21005WR
Effective: 04/12/2021
Through: 12/31/2031

This course is out and back on the Fox River Trail (FRT). It was measured along the shortest possible route (SPR) with restrictions. Cones and marshals required at the west end of the bridge over the river and the trail, 5' from the centerline. The short out and back segment to the turnaround on the FRT was measured always in the right lane.
